Award-winning Gloucester Tall Ships returns to port this May... savvy?

Gloucester’s flagship festival returns to the city this May Spring Bank Holiday (Saturday 23–Monday 25 May).

After winning Silver for the Cotswolds Tourism Event of the Year for the 2013 festival, the impressive tall ships will once again weigh anchor this spring for a weekend of live entertainment and activities. The unique sight of grand sailing ships moored in the UK’s most inland port, Gloucester's perfectly preserved Victorian docks, is an experience to behold. Just ask the producers of Disney’s Alice Through The Looking Glass who filmed here last summer. The fun-filled festival is a big hit with families with something for everyone.

Making their Gloucester Tall Ships debuts are the brigantine Morganster, handmade schooner Atyla and Baltic trawler Keewaydin (more announcements to follow). For the first time, the ships are open all day on the Saturday, Sunday AND Monday, so there won’t be any ship enthusiasts left high and dry. Buy a wristband to see the tall ships at close quarters whilst also gaining entry to the museums at Gloucester Docks.

On-water activities include pirate ship battles, replica boats from the Viking age through to the Napoleonic era.

Land lubbers will be spoilt for choice with entertainment including Captain Jack’s swashbuckling adventures, a live music stage, a stone-carving festival, a gaggle of Victorian ne’er-do-wells, top quality food and drink, market stalls. The Gloucester Stone Carving Festival will be taking place at the nearby Llanthony Priory, and in keeping with Gloucester’s folk and maritime traditions, the Gloucester Sea Shanty Festival will be held for the first time with performances across the city centre.
